This form is a preliminary guide to assist the tournament organisers in what grade and competition your players have been regularly playing. This form should be sent in Before the closing Date with the Tournament Entry Form.

Tournaments are much more enjoyable if teams are graded accurately. Consequently, we seek as much information as possible about each team, while understanding not all team members in each team may be finalised.

The Committee reserves the right to regrade before & during the Tournament, if the information is not supplied or the Information supplied leads to inaccurate grading.

At the start of the Tournament, coaches, when picking up their coaches passes, **MUST** hand in accurate player information on the **Team Entry Form** (also attached) with details of each of the player's grades.

Each team playing in this tournament can be a composition of players from one or many teams. The Tournament organisers would like to know in your team entered into this tournament where they are playing in their regular weekly competitions or the best grades the players entered have played over the past 2 years.
